About The Retail Coach

The Retail Coach is a national retail recruitment and development firm that combines strategy, technology, and creative expertise to develop and deliver high-impact retail recruitment and development plans to local governments, chambers of commerce, economic development organizations and private developers.

Through its unique Retail360® Process, The Retail Coach offers a dynamic system of products and services that better enable communities to maximize their retail development potential.

Retail:360® Process

Providing more than simple data reports of psychographic and Psychographic trends, The Retail Coach goes well beyond other retail consulting and market research firms' offerings by combining current national and statewide Psychographics and trend data with real-world, "on-the-ground" information gathered through extensive visits to our clients' communities. Every community is different, and there is no "one size fits all" retail recruitment solution. Compiling the gathered data into client-tailored information packets that are uniquely designed for, and targeted to, specific retailers and restaurants who meet the community's needs help assure our clients that they are receiving the latest and best information for targeted retail recruitment efforts — all with personal service and coaching guidance that continues beyond the initial project scope and timeline.

Our Retail:360® Process assures that communities get timely, accurate and relevant information. Translating that data into the information that retailers need and seek assures our clients even better possibilities for tremendous retail growth and success.

US Households: 1,289,900
Average Household Size: 3.62

Median Age: 28.9
Median Household Income: \$38,000

WHO ARE WE?

Family is central within these diverse communities. Hispanics make up more than 70% of the residents. More than one in four are foreign born, bringing rich cultural traditions to these neighborhoods in the urban outskirts. Dominating this market are younger families with children or single-parent households with multiple generations living under the same roof. These households balance their budgets carefully but also indulge in the latest trends and purchase with an eye to brands. Most workers are employed in skilled positions across the manufacturing, construction, or retail trade sectors.

OUR NEIGHBORHOOD

- Family market; over a third of all households are married couples with children, with a number of multigenerational households and single-parent families; household size is higher at 3.62.
- While most residents live in single-family homes, almost 10% of householders reside in mobile home parks.
- Homes are owner occupied, with slightly higher monthly costs (Index 103) but fewer mortgages (Index 83).
- Most are older homes, nearly 60% built from 1950 to 1989.
- Most households have one or two vehicles; many commuters car pool or walk to work (Index 145).
- Barrios Urbanoss residents live within the urban periphery of larger metropolitan areas across the South and West.

SOCIOECONOMIC TRAITS

- While a majority finished high school, over 40% have not (Index 321).
- Unemployment is higher at 8.4% (Index 155); labor force participation is slightly lower at 61%.
- More than one in four households is below the poverty level (Index 183).
- Residents balance their budgets carefully by spending only on necessities and limiting activities like dining out.
- Many have no financial investments or retirement savings, but they have their homes.

American Dreamers

US Households: 1,824,900
Average Household Size: 3.19

Median Age: 32.5
Median Household Income: \$50,900

WHO ARE WE?

Located throughout the South and West, most American Dreamers residents own their own homes, primarily single-family housing—farther out of the city, where housing is more affordable. Median household income is slightly below average (Index 91). The majority of households include younger married-couple families with children and, frequently, grandparents. Diversity is high; many residents are foreign born, of Hispanic origin. Hard work and sacrifice have improved their economic circumstance as they pursue a better life for themselves and their family. Spending is focused more on the members of the household than the home. Entertainment includes multiple televisions, movie rentals, and video games at home or visits to theme parks and zoos. This market is connected and adept at accessing what they want from the Internet.

OUR NEIGHBORHOOD

- American Dreamers residents are family-centric and diverse. Most are married couples with children of all ages or single parents; multigenerational homes are common (Index 201).
- Average household size is higher at 3.19 (Index 123).
- Residents tend to live further out from urban centers—more affordable single-family homes and more elbow room.
- Tenure is slightly above average with 64% owner occupancy; primarily single-family homes with more mortgages (Index 114) and slightly higher monthly costs (Index 115).
- Three quarters of all housing were built since 1970.
- Many neighborhoods are located in the urban periphery of the largest metropolitan areas across the South and West.
- Most households have one or two vehicles available and a longer commute to work.

SOCIOECONOMIC TRAITS

- While nearly 17% have earned a college degree, the majority, or 63%, hold a high school diploma only or spent some time at a college or university.
- Unemployment is higher at 7.4% (Index 136); labor force participation is also higher at 66%.
- Most American Dreamers residents derive income from wages or salaries, but the rate of poverty is a bit higher in this market (Index 116).
- They tend to spend money carefully and focus more on necessities.
- They are captivated by new technology, particularly feature-rich smartphones.
- Connected: They use the Internet primarily for socializing but also for convenience, like paying bills online.

US Households: 2,901,200
Average Household Size: 3.12

Median Age: 31.4
Median Household Income: \$72,000

WHO ARE WE?

Up and Coming Families is a market in transition—residents are younger and more mobile and ethnically diverse than the previous generation. They are ambitious, working hard to get ahead, and willing to take some risks to achieve their goals. The recession has impacted their financial well-being, but they are optimistic. Their homes are new; their families are young. And this is one of the fastest-growing markets in the country.

OUR NEIGHBORHOOD

- New suburban periphery: new families in new housing subdivisions.
- Building began in the housing boom of the 2000s and continues in this fast-growing market.
- Single-family homes with a median value of \$194,400 and a lower vacancy rate.
- The price of affordable housing: longer commute times (Index 217).

SOCIOECONOMIC TRAITS

- Education: 67% have some college education or degree(s).
- Hard-working labor force with a participation rate of 71% (Index 114) and low unemployment at 4.6% (Index 84).
- Most households (61%) have 2 or more workers.
- Careful shoppers, aware of prices, willing to shop around for the best deals and open to influence by others' opinions.
- Seek the latest and best in technology.
- Young families still feathering the nest and establishing their style.

6A LifeMode Group: Cozy Country Living Green Acres

US Households: 3,923,400
Average Household Size: 2.70

Median Age: 43.9
Median Household Income: \$76,800

WHO ARE WE?

The Green Acres lifestyle features country living and self-reliance. They are avid do-it-yourselfers, maintaining and remodeling their homes, with all the necessary power tools to accomplish the jobs. Gardening, especially growing vegetables, is also a priority, again with the right tools, tillers, tractors, and riding mowers. Outdoor living also features a variety of sports: hunting and fishing, motorcycling, hiking and camping, and even golf. Self-described conservatives, residents of Green Acres remain pessimistic about the near future yet are heavily invested in it.

OUR NEIGHBORHOOD

- Rural enclaves in metropolitan areas, primarily (not exclusively) older homes with acreage; new housing growth in the past 15 years.
- Single-family, owner-occupied housing, with a median value of \$235,500.
- An older market, primarily married couples, most with no children.

SOCIOECONOMIC TRAITS

- Education: More than 60% are college educated.
- Unemployment is low at 3.8% (Index 70); labor force participation rate is high at 66.8% (Index 107).
- Income is derived not only from wages and salaries but also from self-employment (more than 13% of households), investments (27% of households), and increasingly, from retirement.
- They are cautious consumers with a focus on quality and durability.
- Comfortable with technology, more as a tool than a trend: banking or paying bills online is convenient; but the Internet is not viewed as entertainment.
- Economic outlook is professed as pessimistic, but consumers are comfortable with debt, primarily as home and auto loans, and investments.

Average Household Size: 2.67

Median Age: 40.3

Median Household Income: \$47,800

WHO ARE WE?

Southern Satellites is the second largest market found in rural settlements but within metropolitan areas located primarily in the South. This market is typically nondiverse, slightly older, settled married-couple families, who own their homes. Two-thirds of the homes are single-family structures; almost a third are mobile homes. Median household income and home value are below average. Workers are employed in a variety of industries, such as manufacturing, health care, retail trade, and construction, with higher proportions in mining and agriculture than the US. Residents enjoy country living, preferring outdoor activities and DIY home projects.

OUR NEIGHBORHOOD

- About 78% of households are owned.
- Married couples with no children are the dominant household type, with a number of multigenerational households (Index 112).
- Most are single-family homes (67%), with a number of mobile homes (Index 509).
- Most housing units were built in 1970 or later.
- Most households own 1 or 2 vehicles, but owning 3+ vehicles is common (Index 144).
